[REDACTED]

Hello Gagandeep

[REDACTED] I give permission to post the statement below.

Sharon

[REDACTED]

Statement:

There is no purpose of this community needing another plaza. We have a plaza on mcvean and mayfield road and mcvean and castlemore road. This will bring more traffic to this intersection. This will cause unnecessary congestion and more crashes than usual. This will have a negative impact on the neighbourhood residential properties. A plaza on to be built on this intersection will be obstructing the view. I personally bought this house for the view.

Thank you
