Subject: [EXTERNAL]OZS-2024-0062 Feedback & Concerns

Caution: This email originated from outside the organization. Do not click links or open attachments that you do not trust or are not expecting.

Dear Harjit Sra - this is in regards to City File #: OZS-2024-0062 and I'm a resident that [REDACTED]
[REDACTED] where this is being proposed.

I'm highly in favour of opposing this 12-storey tower at the corner of Countryside Dr and goreway Dr in Brampton.

I don't understand why we are trying to squeeze a 12-storey tower on this small specific land where there are really no other apartment condos around - speaking of a sore thumb sticking out!

This area is already congested as it is and will cause an enormous uptick in traffic where it's already bad at the moment due to the strip plaza being there already, people running red lights on a daily basis, accidents quite frequently and not to mention crime.

We should focus on other aspects of Brampton (i.e. - improving roads, transportation, crime, etc) as opposed to building more and more homes - have you noticed it takes 35 to 45 mins+ to get to one side of brampton to the other, oh thats on a good day by the way!

This is one of the nicer neighbourhoods left in brampton and will affect property values in my opinion and the optics of the area.

We don't want to lose the amazing people that live here who are working professionals, business owners & hard-working families to keep this area upscale!

We have multi-million dollar subdivision homes, mixed in with estate homes who pay enormous amounts of property tax and do not wish to flood our area with a 12-storey tower hovering over our homes affecting the privacy of many homes in and around the area.

There are plenty of areas in brampton where we can construct such a thing (if required), please don't ruin such a beautiful area of brampton that's left.

Thank you for listening to my concern and I hope you consider this seriously so you don't drive out of Brampton the good people that are left!

Sincerely - Karm L.
