Hi Clara,

I hope you're doing well.

Please consider this email as a letter of support to be included in the Committee's file for **4598 Countryside Drive – Minor Variance Application A-2024-0200**.

We respectfully request permission to use this location as a small community center. Although I live a bit farther away, this place holds special importance for our community, and I regularly travel there to attend various gatherings and events.

As a close-knit group, we meet at this location once or twice a week for activities such as family get-togethers, prayers, educational programs, entertainment, picnics, and food bank initiatives.

These gatherings offer a valuable space for connection and play a vital role in supporting the mental well-being and peace of mind of our community members.

Thank you for your time and consideration.

Sincerely,

--
