Hi Clara,

Kindly have this email added as a supporting document to the committee's file for their review and consideration.

With regards to the property at 4598 Countryside Drive, Brampton – it is our sincere request that the commitment allows us to use this property as a community centre for our small community. We are a small close knit community that generally gathers once or twice a week. Our activities includes but are not limited to prayers, religious entertainment, hosting educational seminars and guest speakers, community picnics, and hosting food drives to support the local community at large. Our activities allow us to practice and promote values that promote egalitarianism, education, religious freedom, and compassionate communityship. These are what we believe to be Canadian & Islamic values integral for the social development for our community.

Furthermore, I hereby authorize you to add this communication to the committee's revised agenda.

For your records, my residential address is 163 Van Scott Drive, Brampton, ON, L7A 1V9

Kind Regards,

**Muhammad Raza Sheikh**
