Hello Clara, Greetings,

Please consider this email as a letter of support to the committee's file.

I request you to kindly allow us to use this place as our small community centre.

We are a small community. We generally meet once or twice a week for family get together, prayers, entertainment and other programs.

This is very important for the mental health and peace of mind for all the member families particularly children to know each other and better understanding.

So, kindly consider the request. I am authorizing to post to the revised agenda.

Thanking you!

Sincerely,

Naheed Kausar
