Good day

I'm writing this email in regards to the application mentioned in the subject line. I would like to inform the city of Brampton that I strictly oppose this development. I also want to bring city's attention to the previous committee for adjustment meeting in which it was clearly indicated that the zoning application needs to go through due process and cannot be considered under minor variance.

I'll be seeking legal guidance on this matter as any development in the area, which does not fall within the city guidelines and the neighbourhood character, we'll have negative impact on the property value surrounding the site.

Thank you

Andy
