Hello,

My name is Jesse Hayes, I represent the land developer for the subdivision which this property is located. I am currently in the process of getting this subdivision assumed by the City of Brampton. Part of the assumption process will involve an inspection of the acoustic fence located on this property along Mayfield Rd. I would like to attend this meeting to get an understanding of how the work will be completed and to ensure any work involved does not hold up the assumption process.

I am requesting to join the meeting virtually for application number A-2025-0030. Property Address:
60 Enclave Trail

My contact information is listed below.

Thank you,

Jesse Hayes P.Eng
