**Subject:** Application Number A-2024-0200

My Name is Armando Ricci live on 4 Kenny Court Brampton ON for over 30 Years. We chose this area to build our dream home.

This is a great community to leave in, We have raised our family here and now the grand children are coming over very often to

enjoy the peacefull ness, the space, the clean environment and the safety of only the local traffic.

We are very concerned to have our neighbourhood being treatned by this application for the safety of the traffic that will be generated

by influx of the number of people going in and out of this proposed application.

There is still planty of open spaces in Brampton that can be chosen for this type of activities instead of and disturbing and spoiling

a beutifull safe community like ours.

Hope the commity will review and take into account the concerns of the residents of this area

Armando Ricci
