 - iii. That a landscape strategy be implemented along the Mill Street North elevation to respond to the residential character of the streetscape, helping to further integrate the proposed building into the neighbourhood and mitigate its visual impact.
 - iv. That a plaque be installed on or adjacent to the building on Mill Street North that commemorates the masonry treatment and its significance to the Arts and Crafts architectural style, specifically acknowledging the clinker brickwork as an historic design approach, and its use and significance in Brampton.
5. That the demolition of 41-45 Mill Street North and 32-34 Park Street is allowed to move forward. A scoped documentation and salvage plan for the clinker bricks should be prepared and accepted by Heritage Staff prior to the issuance of the demolition permit for 43 Mill Street North.

HB013-2025

1. That the report by Tom Tran, Heritage Planner, Integrated City Planning, to the Brampton Heritage Board meeting of April 15, 2024, re: **Heritage Impact Assessment, 10300 Highway 50 – Ward 10**, be received;
2. That the Heritage Impact Assessment, 10300 Highway 50 dated December 12, 2024, be deemed complete;
3. That the following recommendations as per the Heritage Impact Assessment, 10300 Highway 50, to address the indirect impacts of the development on the adjacent listed property at 10192A Highway 50 be received and followed:
 - i. To mitigate the potential impacts related to the disruption of the visual setting of the farmhouse from the surrounding rural agricultural landscape, it is recommended that a landscape plan is developed to

include a planted buffer to screen the concrete wall from the heritage property. Where required, fencing must be complimentary and sympathetic to the heritage character of the subject property (e.g. black Clear View fence). Non-sympathetic fencing (e.g. chain link fence) must be avoided. A landscape plan developed by WSP is presented in Appendix C.

- ii. To mitigate the potential vibration impacts resulting from nearby heavy traffic, grading, and construction activities, WSP recommends that a qualified vibration specialist be consulted to develop an appropriate vibration monitoring program to avoid or reduce impacts to the structure.
4. That Heritage Staff proceed with preparing a recommendation report for the designation of the property at 10192A Highway 50 under part IV of the Ontario Heritage Act.

10. Other Business/New Business

- [^] 10.1 Discussion Item at the request of Regional Councillor Keenan, re: Credit Valley Conservation Trail and Natural Heritage Systems

PDC067-2025

Whereas the Board of Directors at Credit Valley Conversation (CVC) approved the Credit Valley Trail Strategy in 2017;

Whereas the Credit Valley Trail Strategy aims to establish a 100-kilometre pathway through the Credit River Valley that spans Orangeville, Caledon, Halton Hills, Mississauga and Brampton;

Whereas within the City of Brampton, the Credit River Watershed runs from north-west Brampton to south-west Brampton; and

Whereas the CVC will be relying on its municipal partners to support the implementation of the Credit Valley Trail Strategy;

Therefore be it resolved:

That the City affirm support for the Credit Valley Trail Strategy and work with CVC to develop a workplan that identifies immediate candidate parcels along with lands suitable for longer-term inclusion in the trail strategy;

That the workplan include resources and costing to develop a land catalogue and a list of necessary future studies (such as surveys, appraisals or environmental assessments); and

That staff report back to Council before September 2025 with the workplan, including any immediate candidate parcels identified through a high-level desktop exercise.
