Hello, This email is to show my support for the \$12,000 application fee for minor variances. My husband and I have lived in Brampton for nine years now the last few have been an extraordinary struggle against significantly lowered property standards, safety issues, noise pollution and overcrowding. Our street is now over 50% rooming houses and each passing year brings more permanent residents putting up a for sale sign. We need a variety of regulatory tools to control the situation, including a pause on ARUs in mature neighbourhoods, the RRL, and tightening access to exemptions that permit rooming houses to flourish in our communities. I can't emphasize this enough - the fabric of our communities is unravelling at breakneck speed and you are the only ones who can help us maintain what's left. Please save our homes and neighborhoods. We are desperate for some hope in this fight. Please support the fee! Michelle Gauthier and Jean Pierre Legault, [REDACTED]
