Hello,

I have received a notice of application for minor variance, Application Number A-2025-0040, for 30 Abercrombie Crescent.

My name is David Wilson, and my address is 32 Abercrombie Crescent, Brampton, ON. You have my authorization to post my correspondence on the agenda.

I have concerns about the pedestrian path being made any wider than it already is. A portion of the pedestrian path is already on the property line. If it is made any wider, it would encroach on to my property. There is already very little space between my house and the existing pedestrian path. I am opposed to any widening of the pedestrian path.

Thank you.

David Wilson
