Subject: [EXTERNAL]Planning Meeting Item 5.2

Good Afternoon Peter,

Happy New Year!

I would like to speak for tonight's planning meeting specifically item 5.2 (Amendments to the official plan- second unit policies and zoning By-law- side entrance provision) to appreciate the staff for the update to the zoning bylaw amendment to **"standardize/simplify easy to follow procedures"** for future housing which has been a long pending demand of homeowners welfare association, ensuring city standard by-laws are followed. Also the update to standardize for the side entrance to ensure it qualifies for the legal apartment which will be proving a safe/legal accommodation and may potentially provide more tax revenue to the city.

Thank you very much,
Jotvinder Sodhi
