## **BACKGROUND:**

In 2021, City Council unanimously endorsed the Brampton Tourism Strategy, which identified the sport tourism sector as one of four key tourism development streams to focus on. Sport tourism represents a powerful catalyst for community and economic development in Brampton, offering a diverse range of social, cultural, and financial benefits.

While the City of Brampton is in the initial stages of building Brampton as a tourism destination, sport tourism in Brampton has been operating successfully for many years and is by far the largest tourism-related economic driver for Brampton. Brampton hosts over 30 different sporting events annually that generates over \$20 million in economic impact and over 25 thousand hotel room nights.

## **CURRENT SITUATION:**

In 2024, The City of Brampton commissioned Sport Tourism Canada, in partnership with Toa Consulting and The Data Jungle, a comprehensive Sport Tourism Strategy. This strategy aims to assess sport tourism opportunities and challenges, identify Brampton’s hosting capabilities, and structure an approach to optimize its hosting capabilities while aligning with existing municipal sport policies. The goal is a vibrant, healthy, and economically prosperous community.

Stakeholder engagement included:

- 60+ surveys completed by local sport organization, City staff and influencers
- 2 local sport organization workshops
- Workshop with Brampton accommodation providers
- Interviews with city staff, local influencers and key sport hosting organizations

The Brampton Sport Tourism Strategy is presented in the following format:

## **Brampton Sport Tourism Strategy Vision**

*Elevate Brampton as a provincial leader and rising national player in Canada in sport hosting by building upon its existing assets—diversity, location, venue footprint, and youth demographics—while addressing infrastructure needs and local sport hosting capabilities and capacity.*

### **Goals**

#### Goal: Validate Brampton’s vision for sport tourism

To elevate Brampton’s position in the sport tourism sector, the City should establish a clear and achievable vision grounded in its community strengths, venue assets, and cultural diversity. By focusing on a targeted portfolio of high-potential sports—those already active and organized locally—Brampton can strategically grow its reputation as a host for regional and provincial events, with selective expansion into national and international opportunities.

#### Goal: Become Canada’s premier hub for culturally significant sport events

Brampton is uniquely positioned to become Canada’s leading hub for culturally significant sport events, reflecting the city’s unmatched diversity and deep community ties to global sport traditions.

#### Goal: Anchor and strengthen Brampton’s existing sport franchises

Retaining Brampton’s existing sport franchises is essential to the city’s identity, economic vitality, and sport hosting credibility. These teams generate consistent attendance, create year-round engagement opportunities, and inspire youth participation in sport.

#### Goal: Establish Brampton as a provincial/ national training and event hub

Brampton has the infrastructure, population base, and strategic location to emerge as a leading high performance training and competition hub in Ontario and Canada. Facilities

like Save Max Sports Centre, Victoria Park Stadium, and Cassie Campbell Community Centre support a variety of competitive sports, many of which align with provincial and national training and event priorities.

Goal: Operationalize Brampton’s vision for sport tourism through the lens of the participant

With a clear vision in place, Brampton must now focus on activating its sport tourism strategy through coordinated implementation, stakeholder engagement, and sustained investment. This means aligning City departments, community partners, and sport organizations around shared goals, performance measures, and priority opportunities.

There are 65 total tactics within each presented goal ranging from quick wins (0-3 months) to long-term actions (3+ years) that support building towards Brampton’s vision as a hub for sport hosting. Tourism staff will be required to work on an implementation plan to action these 65 tactics.
