Staff Report:

PDC216-2022

Angelo Ambrico, Acting Manager, Development Services & Design, presented an overview of the application that included location overview, area context, site photos, development proposal, tertiary plan, planning framework summary, official plan designation, Brampton plan designation, secondary plan designation, zoning by-law, zoning by-law amendment, key issues and considerations, and next steps.

Manni Chauhan, Principal Planner, G-Force Urban Planners and Consultants, consultant on behalf of the applicant, presented an overview of the application which included, the programs and services, community engagement, reasons, and the benefits.

Grace O'Brien, Legal Counsel on behalf of the local residents spoke regarding four main concerns that included increase in traffic, size of the building, insufficient parking spots, proposed use and loss of the wooded area.

The following delegations addressed Committee and expressed their concerns, comments, and questions with respect to the subject application:

City Clerks received thirty-five (35) resident correspondence emails from the community. The following section summarizes issues raised by members of the public at the statutory public meeting. A response to each of the concerns is provided below:

Increased Traffic Congestion

Comments were received from the public with regard to the potential increased traffic congestion within the community due to the proposed development.

Response:

Two separate Traffic Impact Study's (TIS) prepared by GHD Limited were completed as part of the review of this development application. The original Traffic Study was prepared for the first submission and dated May 19, 2022. At the public meeting, staff received concerns from members of the public that the Traffic Study was completed during the COVID-19 pandemic, when traffic counts may have been considerably lower due to government restrictions and stay-at-home orders.

City staff requested an updated Traffic Impact Study (TIS), prepared by GHD Limited on August 22, 2023, to assess the transportation related aspects of the proposed development in a post COVID-19 environment. The updated Traffic Study also included a specific Place of Worship Parking Study, in accordance with the City's Terms of Reference, which assessed parking demand through 'proxy sites' for similar Places of Worship in Brampton.

The report includes a review and assessment of the existing road network, traffic volumes, vehicle maneuvering and circulation. Vehicular access to the Place of Worship includes a restricted right-in/right-out driveway located on Clarkway Drive south of the intersection with Bellchase Trail and the second, a full moves driveway located on the Clarkway Drive cul-de-sac that is accessed from Highway 50. The proposed Place of Worship is expected to generate its peak number of site trip during the Friday prayer service where a maximum total of 135 inbound vehicle trips and 135 outbound vehicle trips are expected before and after the Friday prayer service. The Traffic Study concluded that the existing road network is capable of supporting the expected traffic flows for the new Place of Worship. City Traffic Services staff have reviewed the TIS and have found the document to be satisfactory.

Safety Concerns

Comments were received from the public with regard to the potential safety concerns with the proposed development.

Response

The proposal contemplates a 2 storey Place of Worship with space for worship, an evening school for religious teaching, a gymnasium, a fitness room, multi-purpose rooms, and communal eating rooms. Places of worship often bring people together regularly, fostering a strong sense of belonging and social support. Religious leaders and community members often serve as mentors, especially for youth, promoting ethical behavior and discouraging involvement in criminal activities. Staff note that there is no correlation between places of worship and increase in crime.

Insufficient Number of Parking Spaces

Comments were received from the public with regard to the insufficient number of parking spaces proposed.

Response

The City of Brampton's Zoning By-law permits 1 parking space for each 5 square metres of Place of Worship. Under the City's Zoning By-law, a minimum of 99 parking spaces would be required based on the size of the proposed development. When the application was originally submitted, 94 parking spaces were proposed for the development. Based on the findings of the Parking Study, the proposal was revised to include additional parking spaces. The Place of Worship proposes 141 parking spaces which will be a minimum parking requirement in the Zoning By-law. 91 surface parking spaces and 50 underground parking spaces are proposed. This is an increase of 47 parking spaces from the original proposal.

Concerns with Noise and Air Pollution

Comments were received from the public with regard to the potential noise and air pollution associated with the proposed development.

Response

During construction, there may be temporary disruptions to the community. The proposed development will require a Building Permit from the City of Brampton and any site works will be subject to City requirements (i.e. hours of construction, restrictions on construction noise, hoarding, shoring, phasing, street access, and applicable securities etc.).

Loss of Green Space

Comments were received from the public with regard to the loss of green space due to the construction of the proposed development.

Response

The subject property is designated as 'Woodland' as per Schedule D of the Official Plan. The City of Brampton aims to conserve natural heritage features and strives to achieve no net loss and if possible, a net gain, in natural heritage features and areas. An Environmental Impact Study (EIS) was submitted for the application which notes that a portion of the woodland must be removed in order to develop the Place of Worship. The EIS indicates that tableland tree compensation will happen on the site and 0.422 hectares of off-site compensation will be provided at another location within Brampton.

Unsuitable Lot Size

Comments were received from the public with regard to the unsuitable lot size of the proposed development.

Response

As per the Bram East Secondary Plan (Area 41), Place of Worship sites are intended to be generally 0.8 to 1.2 hectares (2.0 to 3.0 acres). The total site area is approximately 2.61 acres which deems it an ideal location based on the size of the lot.

Environmental Concerns

Comments were received from the public with regard to potential environmental concerns with the proposed development.

Response

An Environmental Impact Study (EIS) was prepared by Kuntz Forestry Consulting Inc. to assess the potential impact to wildlife habitats and the woodland on site. Based on the report, the removal of a portion of the woodland is required to facilitate the development. A total of 0.422 hectares (20% of the wooded area) is proposed to be removed.

A Woodland Management Plan has been incorporated into the EIS report and is intended to restore and increase the ecological integrity of existing woodland areas to remain. The plan will restore 0.056 hectares of the subject property using native species plantings to increase the ecological integrity of the area by providing increased habitat potential, native plant species abundance and diversity, and decreasing invasive species. The report notes 0.422 hectares of off-site woodland compensation will be provided at another location within Brampton.

Quality of Life for Residents

Comments were received from the public with regard to a decrease in their quality of life due to the proposed development.

Response

The development of these lands for a Place of Worship contributes in a positive manner to the building of a complete community and avoids risks to public health and safety by respecting the adjacent existing land uses. Places of Worship are religious institutions used for faith-based, spiritual purposes including religious worship, fellowship, religious teaching and charitable community outreach, and all associated activities that support these objectives. The City of Brampton recognizes the important role faith groups play and the contribution Places of Worship make to the objective of building sustainable, complete communities. A Place of Worship is an integral aspect of creating a complete community. The proposal introduces a new Place of Worship within the community that contributes to the needs of the growing population as outlined in the City of Brampton Official Plan.
