Testimonials

“It was invaluable for MARSystems to work with the RIC Centre and their great team of advisors, attend their series of live and virtual workshops, and to meet fellow tech entrepreneurs in the start-up technology company journey. This RIC support helped us refine our value proposition for providing MARS Lifesaving Trauma Stabilization - and thus, positions us to win over large B2B customers in Canada and the US”

-Dan Jumis, President, Monroe Advanced Robotics Systems.

We found that the M2M program helped us at just the right time. We're weeks away from launch and the program helped us refine our sales process and improved our sales and marketing messages. Everyone was exceptionally helpful (even the participants) and a good crew to work with. M2M helped to reframe some of our thinking. Thanks!
