### Fee with inspections

\* standard fee represents the base fee without any inspections requested

City of Hamilton charges for the fire, zoning, parking and health inspections as part of their licence fee.

At this time the City of Brampton does not charge a specific cost for this fee with exception of any fire inspections required; these inspections are paid for directly by the homeowner to the Fire Services Department and are not part of the licensing fee.

\*\*R represents renewal fee for those who have both an initial application fee and a renewal fee
