CW076-2021

Whereas a major transmission corridor through the Region of Peel is a significant provincial investment and must be done thoughtfully and with sufficient review and;

Whereas the EA initiated by the previous provincial government was cancelled due to strong objection from experts in rural development, renewable cities, agriculture, environment and efficient transportation and;

Whereas the Province's proposal to fast-track the environmental assessment process represents key environmental, social and economic risks to the City of Brampton and the Region of Peel and;

Whereas Environmental Defence has filed a request for designation under Section 9 of the Federal Impact Assessment Act requesting the GTA West proposed project and associated major transmission corridor be considered within federal jurisdiction and;

Whereas the TRCA, the regulatory authority for developments in flood plains, wetlands and valley lands, has objected to the potential impact of the proposed major transmission corridor as well as the streamlined Environmental Assessment process, and;

Whereas a federal environmental assessment represents a key opportunity for enhanced oversight of the GTA West Major Transmission Corridor;

Therefore be it resolved that the City of Brampton request the Government of Canada to conduct an Environmental Impact Assessment of the proposed major transmission corridor, including the boulevard option and;

That a copy of this motion be sent to Prime Minister Justin Trudeau, Minister of Transportation Caroline Mulroney, Minister of Environment and Climate Change Jonathan Wilkinson, all Brampton MP's and MPP's and Mississauga, Caledon and Peel Councils.
