**Subject:** [EXTERNAL]Application #A-2020-0027. Ward #3

In regards to the above application I am not in favour of granting any minor variances to the existing bylaw permits. The landscape of our neighbourhood is changing and morphing. Enough is enough. The bylaw at present seems to allow ample room for an accessory structure and I see no reason why it needs to be any larger. Thank you for my consideration in this matter.
