Re: 15 Hale Rd., **A2021-0014**

Attention: Jeanie Meyers, Secretary-Treasurer of the Committee of Adjustment

Staff have requested additional information be presented for a more fulsome review of this variance application. My client has granted me instructions to defer in order to resubmit a parking utilization study.

Please accept this letter as a formal deferral request on behalf of my client.

We trust that the enclosed package meets all necessary standards, and should you have any further questions please do not hesitate to contact our offices for clarification.

Yours truly,
