**Importance:** High

Hello,

I am submitting this comment for discussion at the **March 8th Planning & Development meeting regarding File # C08E08.008**

Please present this comment and question to the committee at the March 8th meeting:

**At the last Planning meeting on July 8, 2020, it was decided that "An additional town hall meeting be convened by the developer with concerned residents, by November 2020, via electronic means if necessary". (Proof: see attached document, point 3 on page 1).**

**Was such a meeting held by the developer with concerned residents? If so, when and who was invited. I am one of those concerned residents that was at the meeting on July 8th, 2020 and I have received no such invitation from the city or developer. In fact I followed up several times, via email with Shelby Swinfield (City Planner) before and after November 2020 inquiring about the status of this follow up town hall. As of today, I have received no indication that any meeting was held or would be held.**

**If no such town hall with residents was held by the developer, I certainly hope that the city and developer are not planning to simply move forward with this zoning change. This would be a serious betrayal of the agreement made with concerned residents on July 8th, 2020.**

Thank you,
