We need to vaccinate essential workers, and also vaccinate seniors who are having difficulty making it to appointments, we need mobile vaccination sites. Buses offer a large mobile platform that can easily move people and equipment to sites. Large employer sites already are set up to handle large vehicles like tractor trailers and fire trucks, buses are a similar size class. For vaccinating teachers, schools are set up to accommodate school buses, again, a similar size class.

Using Brampton Transit buses is also free advertising that the City of Brampton is supporting the vaccination rollout.
