Hi Peter,

I am the planner for the proposed zoning by-law amendment application at 3024 Countryside Drive.

I am following up on your inquiry yesterday regarding this site. The proposed application is to construct a one-storey medical building with 23 underground parking spaces.

More information on the development can be viewed through searching for this application at the below website.

Hi Peter,

Pleasure speaking with you today and apologies if I was not able to give you a direct answer. Via the mapping tool below I do not see any infrastructure projects within your immediate area that are City-led.

I have included the general inbox for our Roads department and they may be able to better assist you with determining what is happening on your street.
