These are my comments regarding the potential construction of a 17 storey building, a 22 Storey Building, a 6 Storey Building and 2 - Four Storey Building - 5 HUGE APARTMENT BUILDINGS! Does the City of Brampton really care about Bramptonians?

THIS IS WAY TOO MUCH APARTMENTS AROUND KNIGHTSBRIDGE, KINGSCROSS AND KENSINGTON ROADS!

1. Too many Apartments in a small area; Are you building so many apartments to create a Ghetto?
2. Too many people in too many buildings would create an area that would be CONGESTED with people and Traffic.
3. Will it be a rental or condo? If Condo, then owners may have a vested interest in maintaining the buildings. However, I would like to know why the City of Brampton is so keen on storing a lot of people in this one area of Brampton - It will be saturated and congested with people, with traffic, with crowds and it will be unsafe!

I am beginning to think that their desire is to keep certain people in certain areas away from the affluent people in affluent areas! DON'T PUT UP SO MANY - THAT 22 STOREY ALONE IS TOO MUCH. YOU ARE BLOCKING PEOPLES' VIEW, BLOCKING PEOPLE FROM SEEING THE STARS AT NIGHT. I DISAGREE WITH SO SO MANY BUILDINGS IN THE AREA... MAKE IT MORE COMMERCIAL FOR SMALL OWNERS. It should not be ALL about money; Think of the people. Crimes would certainly increase in the area.
