# Staff Employee Incentive Program

## - Sustainable Transportation & Active Lifestyles

- ▶ BCAC endorsed motion of our Council Representative, Councillor Rowena Santos

Therefore be it resolved:

- 1) That the City advise its employees of existing incentives supporting sustainable transportation options and active lifestyles;
- 2) That an awareness campaign be launched this summer, to include but not be limited to education, employee challenges and/or group rides, that promote and encourage sustainable and active transportation among City employees;
- 3) That staff work collaboratively across all departments and report back by Q1 of 2022 (before Earth Day 2022) to Council, with opportunities and recommendations to incentivize and/or further enable, encourage, and support employees in using sustainable and active modes of transportation.
