Submit by Email

Once this completed form is received by the City Clerk's Office, you will be contacted to confirm your placement on the appropriate meeting agenda.

Personal information on this form is collected under authority of the Municipal Act, SO 2001, c.25 and/or the Planning Act, R.S.O. 1990, c.P.13 and will be used in the preparation of the applicable council/committee agenda and will be attached to the agenda and publicly available at the meeting and on the City's website. Questions about the collection of personal information should be directed to the Deputy City Clerk, Council and Administrative Services, 2 Wellington Street West, Brampton, Ontario, L6Y 4R2, tel. 905-874-2115.

We Asela & Inoka Unantenne Brampton are the home owners. Our home has a legal basement Two unit dwelling approved by the city of Brampton (two unit dwelling registration certificate #) second unit main entrance is the side entrance to the house approved by the city which is on the south side of the house the narrower side which is approximately 24 inches or less in width from the wall of our house where the walkway leading to the side entrance door to our house & to the basement apartment. On the same side neighbour also the home owner of their house purposely placing their three garbage bins on the property line (their side entrance is on the other side of their house) just front of our side entrance door way which obstruct the free movements of us, our tenants their visitors, contractors & emergency personnel upon entering through this entrance, hence these bins blocking our legal side entrance as is limited to 24 inches or less in width average size person cannot comfortably walk on this without hitting the wall or the bins often hurts. During winter months walking on this side with the accumulation of snow & ice which is near impossible with these garbage bins. We have made many complaints to city of Brampton over the phone regarding this issue however this is the first time submitting in writing delegation request to the Chief administration officer city of Brampton. At present as we know unfortunately City of Brampton do not have a bylaw home owners prohibiting to store their garbage bins on the side of the house if the next door neighbour has only 2 feet or less (these homes were built around 2007/2008 and took the possession in 2009. We are the original home owner of our home that time we never had plastic garbage bins until few years ago however we always store our garbage bins at the back yard (except snowy season) inside our garage or front of the garage door as city has permitted. We humbly request City official to hear our grievances due to no bylaw yet for our issue may be many other people go through. Therefore please introduce a bylaw prohibiting home owners or the tenants to store their garbage bins on the side of their property if the passage is narrow for both houses or one house as this will eliminate unnecessary neighbour disputes fire and health hazards bodily injuries or even fatalities.

Thank you for your understanding and we hope city of Brampton will consider this request to improve the standards and maintain peaceful and good neighbourhoods.
