## **Recommendation:**

That application A-2021-0049 be deferred no later than the last meeting of October 2021.

### **Background:**

**Existing Zoning:** 

The property is currently zoned M1 Industrial, Special Section 3444, according to By-law 270-2004, as amended.

### **Requested Variances:**

The applicant is requesting the following variances:

- 1. To temporarily permit retail food warehouse for 3 years whereas the By-law does not permit the retail use;
- 2. To reduce the parking requirement to 123 parking spaces whereas the By-law requires 368 parking spaces for this use.

### **Current Situation:**

Staff has reviewed additional information provided by the applicant to clarify the intent of the requested variances. Upon review of this additional information, it has been identified that a 245

parking space reduction is required to facilitate the proposed retail food warehouse use. Given that the proposed reduction is greater than 10% of the overall requirement, Staff are requesting that a Parking Justification Study be submitted in support of the requested variance. Staff recommend a deferral of the application to allow time for the applicant to provide this information and for staff to review and provide a recommendation.

Respectfully Submitted, François Hémon-Morneau
