Dear Carmen Caruso,

My wife and I are the proud owners of here in Brampton for the past ten years. We are retired citizens now and have no desire to move elsewhere, this neighbourhood takes pride in maintaining the property value of our lifetime investment.

The Proposed Development of 150 residential units on McLaughlin Road North, south of Van Scott will accommodate approximately 600 people or more.

It is a fact that dense community will attract Law-breakers of many kind such as drugs, vandalism and theft, assault and armed robbery, corruption etc.

Therefore, I say NAY to this proposed plan on City File: OZS-2020-0037

Respectfully yours

Carl Beharie
