Subject: [EXTERNAL]Objection to application for minor variance A-2021-0142 Ward 1

Caution: This email originated from outside the organization. Do not click links or open attachments that you do not trust or are not expecting.

To whom it May Concern,

I would like to register my objection to the application for minor variance A-2021-0142 Ward 1 for #5 Isabella Street Brampton.

I am the home owner of #33 Isabella Street. I would like to note my objections based on the following:

- 1) #5 Isabella Street is a listed as Heritage home. The proposed home design does not match with the architectural streetscape of Isabella Street of which the homes are mostly heritage homes and also listed.
- 2) The proposed height increase and proposed reduced side yard setbacks will allow a house that is too big for the lot. The result will look like a monster house squeezed onto a lot. This also does not match will the architectural landscape of the street.
- 3) The current design of the house looks like it has been designed as a illegal rental with a seperate outdoor entrance to the basement and a total of three doors to the outside . Given that this is a very big problem in Brampton right now we should not be encouraging any design that contributes to this problem.

I would like to note my objections as a home owner who has lived on this street for over 30 years. I would also like to be registered for the meeting to discuss this matter.

I would be grateful if you would please confirm receipt of this email and that I will be included on the list of attendees for the meeting. I thank you in advance for your support.

Sincerely,

Jennifer Frivalt
