1. Application # B-2021-0009 – Consent
2. Application # A-2021-0117 – Minor Variance
3. Application # A-2021-0118 – Minor Variance

**Subject:** Deferral of the hearing for the above referenced consent and minor variance applications to January 04, 2022

Honorable Committee Members,

We humbly request you to allow us to defer our consent and minor variance hearing to January 04, 2022 due to the following reasons:

- a. We did have a couple of personal tragedies, which affected us deeply and has impacted our ability to convene and work with the city and also to get adequate professional opinions on the policies and documentation.
- b. In addition, the professional representation we were planning to engage and were in discussions with also had their own personal tragedies which impacted their ability to represent us.

In consideration of the above, we humbly request for a deferral to get our personal situations in order and also to get the proper representation and consultation with the city. We sincerely hope the Committee will consider our request and grant the same.

Yours truly,

Vinod Mahesan
