That the delegation from Aameek Singh, Registered Nurse and Director of Communications and Government Relations, Homeless Health Peel, to the Committee of Council Meeting of November 17, 2021, re: **Homeless Health Peel Opportunities**, be received.

**CW511-2021**

Whereas as during the Covid-19 pandemic, new innovative practices were established for providing healthcare for residents experiencing homelessness, delivered by Homeless Health Peel with temporary/short term funding;

Whereas Brampton and Peel Region at large are in need for medical stabilization and nursing care for seniors and medically fragile individuals that are experiencing homelessness;

Whereas the lack of access to a primary health provider for individuals experiencing homelessness leads to avoidable hospitalization, costing \$5,067-\$5,604 a day which is significantly higher compared to a cost of occupancy and the medical stabilization for low income seniors and medically fragile individuals at \$250 per day under the Homeless Health Peel model;

Whereas the positive health outcomes for individuals that sought health care and nursing care at the Nelson Street Drop In, Covid Isolation Centres and HHP shelter outreach resulted in but were not limited to:

- fewer loitering complaints from businesses;
- lower frequency of police interactions;
- better access to healthcare and longer term health outcomes;
- lower re-admissions to hospital;
- and cost effective continuity of care;

Therefore be it resolved that the City of Brampton advocate to the Region of Peel and the Provincial Government, that the innovative best practices demonstrated by Homeless Health Peel be maintained as an ongoing solution to help address chronic homelessness faced particularly by seniors and medically fragile individuals; and

That the City of Brampton ask the Region of Peel and the Ministry of Health to financially sustain these innovative best practices and make Homeless Health Peel a recognized Health Service Provider with the Ministry of Health.

**CW512-2021**

That the delegation from Adriel Domingue, Owner/Operator of SuperiorBrand, on behalf of AfroWest Canada, to the Committee of Council Meeting of November 17, 2021, re: **AfroWest Event/Festival in Downtown Brampton**, be referred to staff for consideration.

That the delegation from Nuvi Sidhu, Chair, Advisory Panel, Arts, Culture and Creative Industry Development Agency (ACCIDA), to the Committee of Council Meeting of November 17, 2021, re: **Item 8.2.5 - COVID-19 Recovery Fund for Artists Update**, be received.

2. That Council approve the additional allocation of \$50,000 to the 2021 program budget for the COVID-19 Recovery Fund for Artists.

**CW515-2021**

That the video delegation from Lisa Stokes, Member, BikeBrampton, to the Committee of Council Meeting of November 17, 2021, re: **Item 9.3.3 - Bike Lanes on Charolais Boulevard**, be received.

**CW516-2021**

That the delegation from MP Sonia Sidhu, Brampton South, to the Committee of Council Meeting of November 17, 2021, re: **Update on National Child Care Strategy and Implications for Brampton**, be received; and

Whereas, the City of Brampton is one of Canada's youngest and fastest-growing cities;

Whereas, without access to affordable, inclusive, and high-quality child care, too many parents, especially women, face barriers to full participation in the workforce;

Whereas, single parents deserve equal access to employment opportunities without the financial pressures associated with high costs of childcare; single parents are most adversely impacted by the high cost of childcare. According to the Canadian Centre for Policy Alternatives (CCPA) report in March 2020, Brampton is amongst the highest childcare costs in Ontario. The average rates for infants in childcare is \$1,259, toddlers, \$1,025 and preschool \$955.

Compared to Quebec, which is \$179 per month regardless of which childcare subgrouping. Additionally, for single parents, approximately 36% of household income allocation is for childcare compared to 4% in Quebec. For families, especially single parents this is a socioeconomic barrier which adds additional financial stress to the household;

Whereas, studies show that for every dollar invested in early childhood education, the broader economy would receive between \$1.50 and \$2.80 positive financial impacts that benefits all Canadians;

Whereas, the Federal government committed to investing in a gender equity and inclusive recovery and working towards tackling gender inequities and systemic discrimination in the labour market through the establishment of a Canada-wide early learning and child care system and distinctions-based, culturally appropriate child care for Indigenous children;

Whereas, the Federal government reached agreements with the provinces of British Columbia, Nova Scotia, Yukon, Prince Edward Island, Newfoundland and Labrador, Manitoba, Saskatchewan, Alberta and Quebec that will support an average of \$10-a-day child care;

Whereas, the 2021 Federal Budget 2021, outlined new investments of up to \$30 billion over five (5) years to deliver a high-quality, affordable, flexible, and inclusive early learning and child care system across the country; and

Whereas, the 2021 Ontario Budget recognized the challenges associated with high costs of childcare faced by Ontario families, while indicating that the Province looks forward to working with the Federal government to improve child care options for parents and to deliver results for the province's families and to have a positive financial impact on the economy post COVID-19 pandemic;

Therefore, be it resolved:

That the City of Brampton calls on the Provincial and the Federal governments to engage in a meaningful discussion and to reach an agreement that supports an average of \$10-a-day childcare. Such an agreement would provide equitable and quality childcare to all the residents of Brampton regardless of their socioeconomic status;

That Members of City Council demonstrate our support for a Federal-Province agreement to implement a \$10 per day childcare system for the residents of the City of Brampton, and the Province of Ontario;

That a letter is sent from the Members of Brampton City Council in support of a Federal-Provincial agreement to the Federal Minister of Families, Children and

Social Development, and the Ontario Minister of Education, with a request that a finalized agreement be reached at or before December 31, 2021, with an implementation date of January 1, 2022; and

That the letter be copied to local MPs, MPPs, and the Region of Peel.

Moved by Regional Councillor Palleschi

Seconded by City Councillor Whillans

**WHEREAS** City Council has received a request to support a Minister's Zoning Order, referred to as MZO, through a letter dated November 9, 2021 from Argo

TFP, to facilitate the development of the lands at 10124 and 10244 Mississauga Road located in Block Area 51-3 of the Mount Pleasant Secondary Plan area (Mt. Pleasant Heights), identified on the attached 'Schedule A – Location and Land Use Map' to Correspondence 14.1 for the purpose of accommodating a new Peel Regional Police Division and delivering on significant housing supply, in the context of a complete community; and

**WHEREAS** the approved Mount Pleasant Secondary Plan provides a planning policy framework for development of these lands; and

**WHEREAS** the lands are in the vicinity of the Mount Pleasant Mobility Hub and the associated Major Transit Station Area and the Official Plan designates the lands as Special Policy Areas 17 and 18, directing that they be developed in accordance with the principles of a Transit Oriented Development, including potential connections to the Mobility Hub; and

**WHEREAS** the Peel Regional Police Service and the Region of Peel have been conducting a search for an appropriate location for a Police Division to serve the current and future needs of north and west Brampton; and

**WHEREAS** the Peel Regional Police Service and the Region of Peel have concluded that Mt. Pleasant Heights is an appropriate location for such a new Police Division to serve their needs at an important Gateway location central to the Mount Pleasant and Heritage Heights communities; and

**WHEREAS** the Police Division is proposed to be an approximate 50,000 square foot facility with over 350 local jobs, contributing to a mixed-use, neighbourhood-focused and safe community; and

**WHEREAS** the landowners have been in discussions with the Peel Regional Police Service and the Region of Peel to accommodate such a Police Division within their lands and to assist them in delivering “doors open” within 48 months; and

**WHEREAS** the Federal Government in CMHC’s 2021-2051 Corporate Plan has declared a goal of accelerating housing affordability so everyone in Canada can participate fully in their communities; and that a healthy housing system with affordable ownership and rental housing options is a cornerstone of a strong and sustainable economy that supports social equity and inclusion across communities; and

**WHEREAS** Brampton’s projected growth to approximately 1 million residents by 2051 will lead to increasing pressures for housing across income deciles, including for middle income households (who earn approximately \$80,000 -

\$110,394 in 2020) who are met with limited affordable housing options and limited rental supply; and

**WHEREAS** the City of Brampton is facing a shortage of housing supply targeted to its housing needs, and a lack of suitable and affordable high density housing supply has contributed to the proliferation of unlicensed and unsafe second units within Brampton’s low density, ground-oriented housing stock; and

**WHEREAS** the Term of Council Priority “A City of Opportunities” prioritizes the creation of complete communities, and increasing the supply of purpose built rental units; and

**WHEREAS** the City of Brampton’s Housing Action Plan identifies the lack of rental housing and the issue of housing affordability in the City; and

**WHEREAS** the proposal to accommodate a higher density-built form development will serve as an urban gateway into the Mt. Pleasant and Heritage Heights communities, complemented by a comprehensive open space and trails system; and

**WHEREAS** the development proposal will also make efficient use of the existing transportation and transit infrastructure, and significant investments by Metrolinx to improve GO service, as well as the City’s ZUM and local bus transit routes along the Bovaird Drive and Mississauga Road corridors, which will encourage a reduction on car dependency; and

**THEREFORE BE IT RESOLVED THAT**

1. Council supports the request for an MZO which includes the next Peel regional police division in the city of Brampton and asks that the Minister of Municipal Affairs and Housing consider this request.
2. The Commissioner of Planning, Building and Economic Development be directed to prepare a request, including the draft zoning by-law attached as Schedule “B” to Correspondence 14.1, to the Minister of Municipal Affairs and Housing to enact a Minister’s Zoning Order for the subject lands.
3. The owner satisfy all City requirements regarding the submission of supporting studies, and other matters, in association with the applicable sections of the Planning Act relating to Plans of Subdivision and Site Plan Approval processes, as may be applicable.

**AND FURTHER THAT** arrangements are to be completed in association with an MZO to require the following to increase the affordable housing stock in the City:

- a. Affordable Housing - that at least 15% of the total residential units in the development be sold at affordable rates to qualifying middle-income households (who earn approximately \$80,000 to \$110,394 in 2020), as per the conditions below and others to be included in an affordable housing related agreement prior to Building Permit issuance;
- b. Depth of Affordability: Affordable unit pricing for each unit type will correspond with the affordability threshold for income deciles 4 to 6 in Brampton and units must be affordable to: (A) households with incomes no higher than the 4<sup>th</sup> decile, for one bedroom dwelling units; (B) households with incomes no higher than the 5<sup>th</sup> decile, for two bedroom dwelling units; and (C) households with incomes no higher than the 6<sup>th</sup> decile, for three bedroom dwelling units;
- c. Staff work with the Applicant to ensure additional/appropriate employment considerations are addressed throughout the process.
- d. Employment considerations also be included for parcels throughout Northwest Brampton.
