I Gyoza Olvedi residents of unit I would like to ad this is devastating planning ageist our small nebourhod to build this tal apartment building wher e we have only houses this is not righte .This is action agenst as instead helping to build playground for children . Going to affect as werry much this nebourhod nevere going to be the some . Going to destroy our community .

Hi Jenny,

We have been living in this area since 2009-10. We love to stay in this neighbourhood because of its small, very quiet neighbourhood and natural environment.

As far as the proposed project in our neighbourhood, we do NOT agree to build multiple units in the proposed property. It will change into a crowded environment from our quiet neighbourhood. Please also note that there would be high population density in this neighborhood and increased high traffic which is not good to take a fresh breath in our small neighbourhood.

As such, we would like to request you to find other options for this property which will keep our neighbourhood's existing nature friendly and quiet environment.

Thank you and best regards,

Gyoza Olvedi
