Dear Ms. Li,

I am writing to you today to express my opposition to the development proposal for the subject land located west of McLaughlin Road and north of Bovaird Drive West (Part 1 Plan of Block 19 under 43M-1444).

My primary concern is the loss of green space that will result from this development, which will have a negative impact on the diverse ecosystem in this area. My second concern is the impact on traffic as McLaughlin Road is heavily travelled and the addition of another 120 residential units (with 120+ cars) will add to the congestion.

Thank you,  
Carolyn Modi & family
