

**Date:** 2022-02-15

**Subject:** Request to Begin Procurement for Public Works Repairs West Side

**Contact:** Carlos Gomes, Road Maintenance, Operations and Fleet Division, 905-458-4888 ext.63162

**Report Number:** Public Works & Engineering-2022-202

**Recommendations:**

1. That the report titled “**Request To Begin Procurement for Public Works Repairs West Side**” to Committee of Council Meeting of February 16, 2022 be received; and
2. That the Purchasing Agent be authorized to begin Procurement for Public Works Repairs West Side

**Overview:**

**This report outlines the request for Council authorization to begin procurement for Public Works Repairs West Side for a two (2) year period with the option for up to three (3) additional one (1) year extensions at the City’s discretion.**

**Background:**

Contracts such as this, provides the City of Brampton with preventative maintenance of assets within the City’s right-of-way. This may include but is not limited to the minor repairs & replacement of:

- Asphalt/concrete road segments;
- Sidewalks, walkways, trails;
- Transit pads;
- Storm sewer network;
- Active Transportation; and

- Parking lots and facilities.

The Preventative Maintenance Program is established based on the inventory prepared by Program Planning and from various customer service requests received from internal departments, external agencies and stakeholders.

As City owned infrastructure continues to grow and age, preventative maintenance is vital to ensure the City's compliance with the minimum maintenance regulations, service levels and stakeholder expectations.

### **Current Situation:**

The Public Works & Engineering Department is prepared to begin procurement for the Public Works Repairs West Side.

### Scope of Project

The scope of work undertaken within the terms of the Public Work Repairs West Side contract includes both scheduled and unscheduled maintenance repairs within the City's right-of-way, identified through program planning inventories and customer service requests. This contract will also incorporate an emergency response component, as well as provisions for providing specialized equipment and services as may be requested at times by Brampton Fire, Peel Regional Police or other City of Brampton departments or stakeholders.

Additionally, the contract will also include provisions to accommodate:

- The installation of new concrete bus pads on behalf of Brampton Transit as part of their continued infrastructure improvements.
- The Development Construction group with a default contractor to address non-compliant development activities.
- The assistance and implementation of active transportation improvements throughout the city.

### **Corporate Implications:**

#### Financial Implications:

Sufficient funding for year 1 of this initiative is available in the 2022 Capital Budget within the Public Works and Engineering and Transit Departments. Departmental staff will ensure that sufficient funds are requested for additional years of this contract in future capital budget submissions, subject to Council approval.

Purchasing Comments:

A public Procurement Process will be conducted and the lowest compliant Bid will be eligible for contract award. Purchase approval shall be obtained in accordance with the Purchasing By-law.

All communication with Bidders involved in the procurement must occur formally, through the contact person identified in the Bid Document.

**Term of Council Priorities:**

This report achieves Council Priorities as follows:

Good Government is achieved through proactive and effective preventative maintenance of assets within the City's right-of-way.

Corporate Excellence is achieved through an emphasis on customer service by ensuring the public has a safe and efficient right-of-way.

**Living Mosaic – 2040 Vision:**

This report directly aligns with the vision that Brampton will be a mosaic of sustainable urban places, complete neighbourhoods and safe, integrated transportation.

**Conclusion:**

It is recommended that the Purchasing Agent be authorized to commence the procurement as described in this report.
