Subject: [EXTERNAL]Correspondence for deferred motion re: FCM Board Election

Good morning Clerk Fay,

Please see below my submission regarding the deferred motion for the FCM Board Election.

Thank you,

Tina Comi

Dear Brampton Council,

I am writing this letter in support of Councillor Santos' nomination to continue to serve on the FCM Board. During my term as Councillor for the Town of Collingwood I contacted Councillor Santos seeking her support for an important FCM motion regarding changes to Canada's hate speech laws to include hateful symbols. Councillor Santos listened to my concerns and agreed to champion this important issue in the diverse City of Brampton. Councillor Santos' motion was passed by your Council on March 3, 2021.

I have seen the important work Councillor Santos continues to do both in her own community and through her work at FCM. Now more than ever, representation matters. Councillor Santos is a great representative not just for the City of Brampton but for our broader communities. She is an inspiration for young women entering the political realm, bringing empathy, energy and a sincere commitment to change.

I encourage you to advance her nomination to the FCM Board so she can carry on with the goals and issues she has put forward.

Sincerely,

Tina Comi
