Att'n Nicholas Deibler:

Re: Application for Zoning by-Law Amendment – 5 Copper Road  
COB File: OZS-2021-0054

Dear Nicholas:

We are in receipt of your request for comments regarding the above project. We respond as follows.

A/ The proposed location of the transformer cannot be guaranteed by Alectra Utilities Brampton. The transformer location will be finalized when Alectra completes designing the project. The applicant shall provide the required clearances and space for the transformer or switchgear according to Alectra Utilities Brampton standards.

B/ Please include as a condition of approval the following:

- Applicant shall grant all necessary aerial or underground easements, as may be required.
- Applicant shall observe all aerial and underground clearances as may be required.
- We supply one point of connection per legally severed lot. The designer will need to design this and any future additions from a single distribution point.
- The maximum transformation capacity supplied by Alectra Utilities Brampton is 3,000 kVA.

C/ The above comments are preliminary and does not guarantee a supply. If their application is approved, and this Customer wishes to proceed with their Hydro servicing, please advise the applicant to contact Alectra Utilities Brampton regarding permanent electrical supply to the site as soon as possible. Equipment delivery times may take up to 20-26 weeks.

D/ The Developer/Customer/Engineering Firm is strongly advised to consult Alectra Utilities Conditions of Service, as they must adhere to all the conditions. This can be found on our web site at <https://alectrautilities.com/conditions-service>.

E/ If there is any existing plant in the proposed location/area in the applicant's design, Alectra Utilities will not allow permanent structure over any such existing plant. If such a scenario exists, the property owner will be responsible for all costs associated with the relocation of the existing plant and must coordinate/consult with Alectra Utilities for the relocation of the plant. If Alectra Utilities determines that an easement is required, the property owner will be solely responsible for
