**RE: City Initiated Official Plan Amendment
Correct Right of Way widths for Clarkway Drive
Secondary Plan Area 47**

The Dufferin-Peel Catholic District School Board has reviewed the above-noted application and since the proposed amendments are strictly for updating right of way widths in the Official Plan, there will be no impact on student accommodation. The Board notes that it does not have any proposed school blocks along Clarkway Drive that would be impacted by these changes.

The Board has no comments or objection to the further processing of this application.

Subject: Formal Request for Comments - Clarkway Drive ROW - Area 47
Importance: High

Good morning,

This is the City's formal request for comments on a City Initiated Draft Official Plan Amendment to correct the right of way (ROW) widths on three different segments of Clarkway Drive, within the Highway 427 Secondary Plan Area 47.

Although the recommended ROW widths for Clarkway Drive were reflected in the Official Plan Amendment that approved the Block Plan schedules, the text of the amendment inadvertently missed including a reference to this change, and therefore the ROW widths of the Official Plan do not currently align with the approved ROWs on the Block Plans.

Good morning Claudia,

No comments on the changes stated below.

However, as per our previous conversation for the section of Clarkway Dr from E/W Arterial Rd to Countryside Dr the EA is designing for 30 m ROW where's the block plan is illustrating a 26 m ROW.

Thanks,

Soheil Nejatian
