RE: Application Gagnon Walker Domes Ltd, File #OZS-2022-0002

Good morning,

I am writing in regards to the Application from Gagnon Walker Domes Ltd to build a seniors' residence on 8671 Heritage Road. From my understanding the only vehicular entrance point will be from Hammerslea Court. I am concerned about the amount of traffic coming into the area using this access point since the surrounding streets are heavily populated with families with young children. This will also add more cars trying to park on the already populated side streets.

I am wondering if the vehicular access point to the senior's residence can be from Heritage Road and vehicles can drive around to the main entrance. The access point from Hammerslea Court could then be a walking entrance so residents from the building can still connect to the neighbourhood.

Thank you for your consideration. Please confirm receipt of this email.

Thanks,
Pamella Bailey
