Mayor Brown and Members of Council:

RE: Support for Brampton Residents after Storm

On Saturday, Brampton was hit with a severe storm. Downed lights, poles, trees and property damage is some of the damages that Brampton has seen. Some residents had parts of their homes destroyed.

I am asking Mayor Brown and Brampton Council to immediately ask the Ministry of Housing and Municipal Affairs to activate the Disaster Recovery Assistance for Ontario (DRAO) to help Brampton recover.

I am also asking that the Region of Peel provide a garbage exemption for residents so they can dispose debris caused by the storm.

Brampton made it through the worst pandemic in a century, we will certainly do it again.

From,

Cody Vatcher
