**Subject:** RE: [EXTERNAL]proposed amendment for Springbrook Settlement Area polices

Hi Neil

Thanks for your quick response and good advises.

1. I will register as delegate with City to get the further info for this proposed Amendment.
2. I will send this email to City Clerk to let it be part of the public record.
3. I consent to use my this email for your future Recommendation Report.
4. I also have one more concern regarding the geotechnical condition for the location of the northeast intersection of Elbern Markell Dr. as it too close the flood way and may not suit a deep excavation for higher rise building required. Please add this point into my concern points for your future works.

Regards

Dezi Yang P.Eng.
