Subject: [EXTERNAL]Opposite City-Initiated Official Plan Amendment : Proposed Amendment to the Credit Valley Secondary Plan(Area 45), Ward: 5

Caution: This email originated from outside the organization. Do not click links or open attachments that you do not trust or are not expecting.

Hello,

I opposite City-Initiated Official Plan Amendment : Proposed Amendment to the Credit Valley Secondary Plan(Area 45), Ward: 5 to build 10-12 storeys buildings alone Queen Street W.(from Creditview rd to Elbern Markell Dr)

I want to bring your attention that the Creditview Rd is a HERITAGE road, it cab NOT support the traffic for 10-12 storeys high desity residents.

And I also want to let you kown the intersection of Creditview and Queen St W is already very busy at rush hour.

City should maintain the look and feel of the existing neighbourhood with the development of quality single detached homes.

Please have my email letter as part of the public record and I would like to be informed of any decision for the upcoming Public Meeting on June 6, 2022, and future Recommendation Report.

Thanks,

Owen
