7. Other/New Business/Information Items

7.1 2022 Meeting Schedule - Brampton Community Safety Advisory Committee

Committee acknowledged the 2022 Meeting Schedule for the Brampton Community Safety Advisory Committee.

7.2 Discussion Item at the request of City Councillor Williams, re: Proposed Brampton Road Safety Committee

Councillor Williams provided a detailed overview on the subject matter and placed the following motion on the floor for Committee consideration:

Whereas the City of Brampton continues to experience injury related and fatal collisions amongst road users.

Whereas Vision Zero can be summarized in one sentence: No loss of life is acceptable.

Whereas in June 2019 the City of Brampton Council adopted the Vision Zero framework as the foundation to ensuring that our roads are safe for all that use them through a data-driven effort by prioritizing emphasis areas, coordinating with partners and stakeholders to improve road safety and implementing new or expanded safety countermeasures.

Whereas in September 2020 the City of Brampton Council implemented the use of Automated Speed Enforcement (ASE) cameras to decrease speeding in all community safety zones.

Whereas on December 10, 2020 the City of Brampton Community Safety Advisory Committee established a Road Safety Advisory Sub-Committee to address traffic related fatalities and speeding.

Whereas despite efforts to reduce speeding and traffic related collisions the Region of Peel is still reporting a substantial number of traffic related collisions on our Brampton roads.

Whereas the City of Mississauga currently has a Council appointed committee to address road safety issues and the City of Brampton does not.

Whereas a Brampton Road Safety Committee will align core goals and mission with the Vision Zero Task Force and the Regional Community Safety and Well-Being framework.

Therefore be it resolved that

1. It is the position of the Brampton Community Safety Advisory Committee that Council establish citizen appointed Road Safety Committee at the City of Brampton to begin for the new term of Council 2022

Committee discussion of the matter included:

- Concerns raised that establishing a Road Safety Committee diminishes other important safety issues in the Community such as Domestic Violence and Human Trafficking, et cetera.
- Outlined that the motion previously passed to establish a Road Safety sub-committee was to expand the community safety. Concerns that if a separate

Road Safety Citizen Committee is established it will separate community safety.

- Clarified that the establishment of a Road Safety citizen Committee was recommended by Sgt. Danos from Peel Regional Police.
- City Clerk advised that the motion on the floor was recommending a substantive action. If passed by Committee, the motion will go forward to Council for consideration at its next meeting, but would befor implementation next term of council. If Council wishes to take recommendation and make it a decision they may do so.
- Expressed concerns regarding the impact the COVID-19 pandemic had on the Committee's ability to undertake work within the community.
- Suggestion to add as a discussion on the next agenda with regard to Brampton Community Safety Advisory Committee Recommendations and Priorities for Next Term of Council.
- Expressed concerns that setting up a second committee that has a similar but separate agendas or mandates may confuse or duplicate efforts of the two committees.

Councillor Palleschi suggested the item be deferred to the June 23, 2022 Brampton Community Safety Advisory Committee meeting for further consideration.

Ivan Macri Macro, Citizen Member, moved the following deferral motion:

That the item be deferred to the June 23, 2022 meeting of the Brampton Community Safety Advisory Committee.

The following motion was considered.

BCS005-2022
