3. **Nature and extent of relief applied for (variances requested):**

A variance is requested to allow an increase in permitted height for the proposed townhouse blocks on Block 227. The maximum permitted height in Section 16.1.2 of the City of Brampton's Zoning By-law 270-2004 is 10.6 metres. The Minor Variance is requesting a permitted height of 11.5 metres for the Subject Lands.

4. **Why is it not possible to comply with the provisions of the by-law?**

The Zoning By-law cannot be complied with as the proposed Townhouse Block exceeds the permitted height. The requested height variance is due to the grade differences for each block and the definition of how height is measured, making it difficult to comply with the standard. As such a variance is required to accommodate the proposed townhouse designs.
