Vales of Humber Life

Re: Application to Amend the Official Plan, Zoning By-law and Proposed Draft Plan of Subdivision.

City file number: OZS-2019-0014

cc: Hinmanshu Katyal, Development Planner

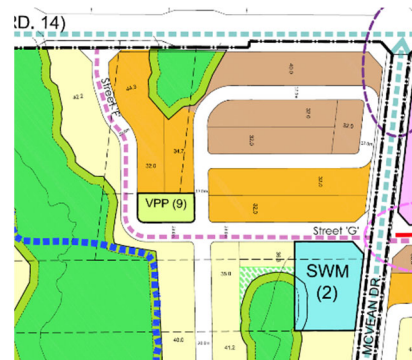

Dear Planning Committee,

We are contacting you on behalf of the residents of the Vales of Humber community regarding City file number: **OZS-2019-0014** to build high density housing in our neighbourhood near Mayfield & McVean.

As a community, we the undersigned are strongly **against** the proposal as outlined in your notification.

The Vales of Humber community was designed in the Vales of Humber Secondary plan as an 'upscale' Executive development of larger, detached, single family homes. We bought into the concept by moving here and do not approve of the proposal to change the vision of the community by changing the land-use for this central part of our community. The city went into excruciating detail in SPA50, the block plan, community guidelines and the Upscale Executive Special Policy Areas design workbook of what should and should not be part of our neighbourhood. It goes into great detail of exactly the types of homes and even commercial buildings that should be in this area. Nowhere did we see things such as stacked townhouses and a 5-storey apartment building.

The current block plan shows the area should have low density residential and executive transitional residential homes along with a small park and some greenspace. Protecting this small bit of greenspace is vital as we need to be adding more, not taking away the little that is already planned. This would be in keeping with the surrounding neighbourhood. Our area is one of the very few executive residential developments in this city and we are right on the border. This makes us very car dependant with little in terms of amenities which make it a poor choice for a high-density development. Further with this specialized executive housing being so rare in this city, this change can and will drive out higher income residents looking for this specific type of accommodation, that we have only here, to neighbouring cities.

While we acknowledge the city's need for density and support the Brampton 2040 vision, this is not the right place for this form of development.

This is a unique area that the city built with a specific vision, keep that vision alive. Many of us are still upset about paths through the ravine not yet being built, the plaza's indefinite delay, one school being cancelled and the second's construction moving slowly, and no word on a house of worship yet. These were all outlined in the plan we bought in to. It is the city's responsibility and yours as our elected representatives to implement it. We are patient that these things may come in time, but if this proposal is approved, it will dramatically change the community design permanently. We request the proposal to be denied.

Sincerely,

The Residents of the Vales of Humber

Signatures to the petition letter were collected electronically on the Vales of Humber Life website with **390 respondents**. Our community is clearly against any such change to the land use of the Vales of Humber development and expect it be built out as the planners had intended and shown before we purchased.
