Dear Council for the City of Brampton,

I am the owner and resident of [REDACTED] The Gore Road, Brampton and writing in response to the above-mentioned application to amend the official plan and zoning by law at 11499 The Gore Road.

I would like to express my thoughts and opposition to the expansion of the private school and day nursery for the following reasons:

1. Noise from the kids at their current capacity is bearable. However, if the numbers increase from approximately 40 to 100 students, the noise from the children playing outdoors will become a distraction as we are working from home and will be unable to focus.
2. Having the parking lot right next to our property is a source of constant noise, furthermore vehicles leaving the school make illegal U-turns at a busy intersection which is dangerous and could cause collisions.
3. We had advised the owner of the school on many occasions to install a privacy fence, so as not to interfere with the enjoyment of our property they have yet to comply.

We are in opposition to this expansion and are hopeful that the City will consider our position, and appreciate our right to the enjoyment of our property without the interference of others.

Regards,
Baljinder Singh Badesha
