The following are three proposed plaque locations for the Gage Park Bandstand plaque:

Option #1 (most recommended):

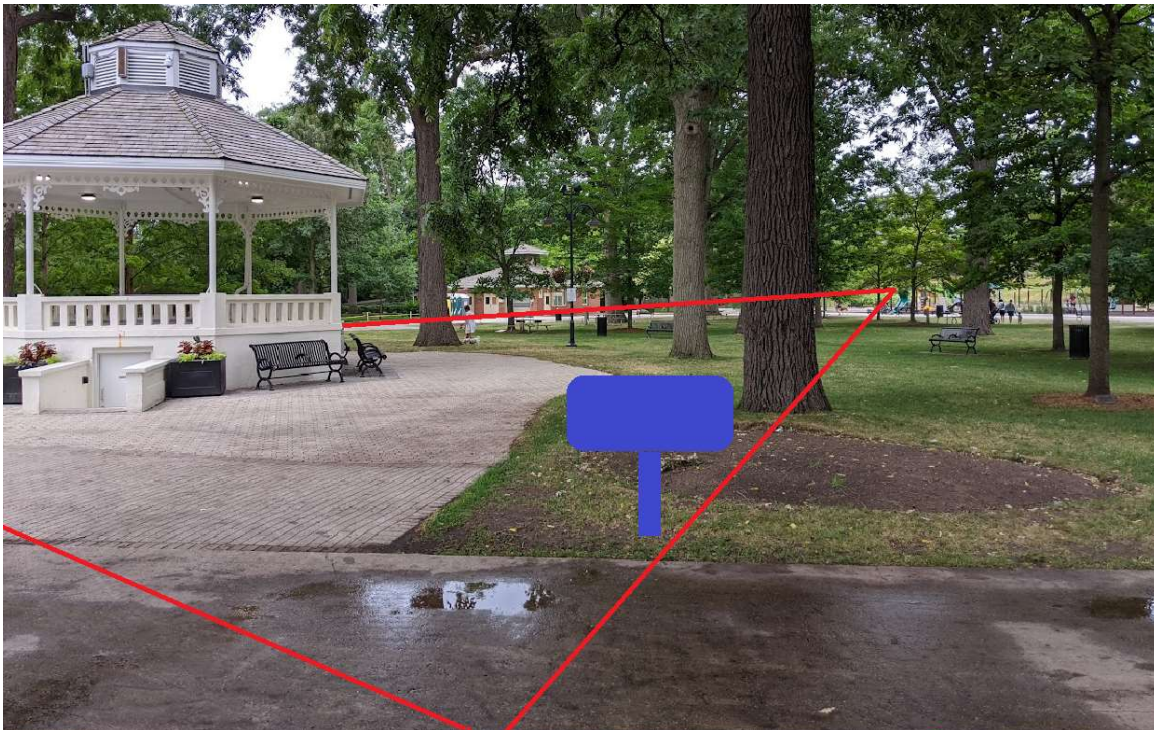

- Easily accessible for passersby, including during winter skating (along skating path)
- Showcases front of bandstand
- Little to no impact on sight lines/wedding photography (captured between red lines)

Option #2:

- Along main path into Gage Park
- Highly visible, easily accessible
- In direct view of bandstand
- Little impact on wedding photography/sightlines

Option #3:

- Easily accessible for passersby, including during winter skating (along skating path)
- In view of bandstand
- Considerable impact on sightlines (photos often taken with this area in view)
- Some obstruction of flower bed behind
