PART TWO - HERITAGE PERMIT APPLICATION: _____

HERITAGE PERMIT APPLICATION FORM

In accordance with the Ontario Heritage Act a heritage permit must be issued by City Council for all proposals to erect, remove or alter the exterior of buildings, structures or other features described as heritage attributes within the scope of a heritage designation by-law.

City staff and the Brampton Heritage Board review all applications and then submit them to City Council for approval.

City Council has the authority under the Ontario Heritage Act to approve any heritage application either with or without conditions or to refuse the permit application entirely.

D. OVERALL PROJECT DESCRIPTION / SUMMARY OF PROPOSAL

To construct a lasting durable estictically pleasing attached roof to cover outdoor patio. Back patio

doors currently have no cover from sunlight and an attached patio roof will provide shade and will be a

a wooden structure with a roof to provide coverage from the elements as well as improving the beauty of the

home and surrounding area. The character and design of the home and the surrounding trees

will be taken into account as no trees will be removed and the structure will be in the backyard so it will

no be visible from the road as to overpower or overshadow the exiting cultural and historical character of

the Churchville area.

E. DESCRIPTION OF WORKS

(Please briefly describe the proposed works as they fit within one or more of the categories below; note the specific features that would be affected. Use separate sheets as required; attach appropriate supporting documentation; point form is acceptable):

Rehabilitation and/or Preventative Conservation Measures (e.g. repointing masonry; note which heritage attributes and features would be impacted and where, materials to be used, specifications and techniques):

previous back porch and shed left by previous owner was in seriously bad shape and a potential hazard as

the entire approximately 20ft x 15ft area was rottening and leaving exposed sharp and brittle pieced of wood.

Stone pavers will be used as flooring and the attached wooden structure will be build to over the stone work.

Major Alterations, Additions and/or New Construction (note which attributes to be impacted, location of work, materials to be used, specifications and techniques):

Previous back porch removed and new struture to be built with an attached roof covering the patio. This will

in the backyard not visible from the road. The structure will be built out of wood. Design is attached.

Restoration (i.e. replicating or revealing lost elements and features; note which attributes to be impacted and where, materials to be used, specifications and techniques):

The new structure will bring updated beauty to the home and will not impact the historical or cultural

character of the Churchville area. The structure will not be visible from the road. Wood will be used to

build the structure that will attach to the home.
