Hello Jeanie

I am the original owner of 22 Leeward Dr., I purchased it in 1989

I am writing to advise you I strongly protest this application to extend the deck at 24 Leeward. We paid a high premium for our lot and that's for the privilege to back onto Parr Lake North with a beautiful view. With a deck extension, my view will be further obstructed when sitting in our kitchen and the lack of privacy will be further invaded. I have the same size deck as 24 Leeward which is approximately 16 feet x 10 feet which is large. I'm attaching photos from my kitchen, you'll be able to imagine the deck 4 feet out, to me, it will feel like the neighbours are in my kitchen and I will have to have the blinds closed at all time

Please add me an invite to the virtual meeting

Thanks
Warren
