
To the city counselor
City of Brampton

August 20, 2022

Dear Reader,

I am representing the residents of Brampton wards 9 and 10. We are experiencing a serious concern regarding our private driveways. We have modified them to make the neighborhood look more attractive and hasn't caused any complications for the public, however now the city has confronted us with a notice to revert it back to its original state. This is an exceptional issue for us. I am writing to express our humble request for the city council. We would appreciate If you could take the time to understand our situation and take further action to resolve the matter. For your knowledge we have also attached a copy of the city notice about the driveway, along with the home owners address' and signatures. We hope you understand our problem and take the necessary steps in the public's best interest.

Thank you,

Tejpal Singh
