Glen Schnarr & Associates Inc. (GSAI) would like to formally submit this **amendment** to our previous Consent and Minor Variance applications to the Committee of Adjustment with regard to the lands municipally addressed as 9224 Creditview Road (hereafter the 'Subject Property') on behalf of our client, 13172589 Canada Inc. (c/o Tejinder Singh). Our applications have been deferred by the Committee of Adjustment during the October 25th, 2022 hearing, to the December 6th, 2022 hearing.

Our original Consent sketch for application B-2022-0013 has been amended to remove the buffer block located at the southeast corner of the Subject Property from the Consent Sketch. This decision was concluded based on a conversation with Francois Hemon-Morneau from Development Services regarding concerns related to the daylight triangle, road widening, and noise barriers within the proposed Buffer Block. We will address these issues through the Draft Plan of Subdivision and Zoning By-law Amendment Application currently being processed by the City under the City File Number OZS-2022-0013.

Amendments to our Minor Variance application (A-2022-0319), also deferred during the October 25th hearing, are required due to changes in the corresponding consent application noted above.

The minor variances sought for the severed lot are now as follows:

1. (REVISED) To permit a minimum lot width of 20.3 metres (measured at 6 metres back from front lot line), whereas the by-law requires a minimum lot width of 45.0 metres;
2. (REVISED) To permit a minimum front yard depth of 4.50 metres, whereas the by-law requires a minimum front yard depth of 12.0 metres;
3. (UNCHANGED) To permit a minimum side yard depth of 2.0 metres, whereas the by-law requires a minimum side yard depth of 7.5 metres;
4. (REVISED) To permit a minimum rear yard depth of 7.5 metres whereas the by-law requires a minimum rear yard depth of 15.0 metres. Please note this variance has been revised to be consistent with the proposed zoning on the balance of the Draft Plan; and,
5. (REVISED) To permit a minimum lot area of 0.07 hectares whereas the by-law requires a minimum lot area of 0.40 hectares.

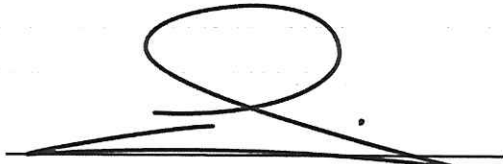

Please find attached the following documents in support of our amended applications:

- Revised Consent application forms (pages 2 and 3 revised) dated October 26, 2022;
- Revised Consent Sketch prepared by Glen Schnarr & Associates Inc., dated October 31, 2022;
- Revised Minor Variance application forms (pages 2 and 3 revised) dated November 1, 2022;
- Revised Lot 1 Citing Plan prepared by Glen Schnarr & Associates Inc., dated October 31, 2022; and,
- Revised Development Concept Plan prepared by Glen Schnarr & Associates Inc., dated November 1, 2022.

We trust that this letter is sufficient for amending our applications and to be placed on the December 6th 2022 hearing. Please do not hesitate to contact the undersigned at 416-459-2424 or colinc@gsai.ca if you have any questions.

Glen Schnarr & Associates Inc. (GSAI) is pleased to submit this Consent to Sever and Minor Variance Applications with regard the lands municipally addressed as 9224 Creditview Road (herein referred to as the "Subject Land") on behalf of our client, 13172589 Canada Inc. (c/o Tejinder Singh) (herein referred to as the "Owner").

The Subject Land is bound by Creditview Road to the east, Innismore Road to south, existing residential to the west and north. The Subject Land is approximately 0.7 hectares (1.74 acres) in size with a frontage of 62.93 metres (206 feet) along Creditview Road and a frontage of 111.99 metres (367 feet) along Innismoor Road. The Subject Land has an existing two-storey house and are legal described is as follows:

Background

The Subject Land is one of two properties that is subject to Draft Plan of Subdivision and Zoning By-Law Amendment under the *City File Number: OZS-2022-0013* being processed by the City to facilitate the creation of twenty-three (23) new single detached residential dwellings (herein referred to as the “Proposed Development”).

The Proposed Development is intended to develop the Subject Land and the lot to the north of the Subject Land (9230 Creditview Road) by ultimately demolishing the two (2) existing residential dwellings and constructing twenty-three (23) new residential dwellings as shown in the Draft Plan of Subdivision included with this application. The Subject Land is one of four (4) single detached dwelling lots proposed along Innismoor Road and is labelled as ‘Lot 1’ on the attached Draft Plan of Subdivision.

We have been diligently working with City staff to advance the Draft Plan of Subdivision and Zoning By-law applications and these applications are at the stage of resolving all technical and planning issues. We anticipate Draft Plan approval and Zoning By-law enactment in early 2023 with the registration of the subdivision in 2024.

While the typical process for the creation of these single detached dwelling lots is through the registration of the subdivision, the two owners who are together advancing the Draft Plan of Subdivision have a private agreement and our client (Tejinder Singh) is obligated to deliver Lot 1 to enable the owner of 9224 Creditview Road to vacate his current home on the Subject Land and to build a new home by May 24, 2023. The purpose of this private agreement is to enable the current house on 9224 Creditview Road to be demolished to facilitate the subdivision development without the hardship of the owner on 9224 Creditview Road to vacate and move elsewhere temporarily. By allowing Lot 1 to be created and the new house to be built, the owner of 9224 Creditview Road can build his new home and move into Lot 1 while the rest of the subdivision is graded, serviced and houses constructed.

It is unrealistic to create Lot 1 through the Draft Plan of Subdivision registration since even after Draft Plan Approval, at least 12-18 months is needed to clear the necessary conditions of Draft Plan Approval to register Lot 1.

As such, we are pursuing the Consent to Sever and Minor Variance Applications to facilitate the creation of ‘Lot 1’ by May 2023. This strategy for creating ‘Lot 1’ through a consent application has been discussed through various email and phone communications as well as one meeting with the relevant City Planning staff.

Planning Approvals

A Draft Plan of Subdivision and Zoning By-law Amendment application has previously been submitted on January 27, 2022 with a complete resubmission submitted in September 2022. Based on the initial circulation comments from the City and agencies, Lot 1 to be created through the Draft Plan of Subdivision process is identical to Lot 1 proposed to be created through the Consent Application process.

The Proposed Development will continue to go through the Zoning By-law Amendment and Draft Plan of Subdivision process for the creation of the remaining proposed twenty-two (22) single detached residential dwelling lots. The lands to be severed will consist of 0.07 hectares (0.17 acres) while the lands to be retained will consist of 0.63 hectares (1.57 acres). Attached for reference is an excerpt of the lot dimensions and potential setbacks that will meet the proposed Zoning By-law for the Draft Plan of Subdivision proposal.

Submission Deliverables

In support of the Consent application, please find enclosed the following:

- One (1) copy of the Draft Plan of Subdivision prepared by Glen Schnarr and Associates Inc., dated September 2022;
- One (1) copy of the Lot 1 house citing concept prepared by Glen Schnarr and Associates Inc., dated September 2022;
- One (1) copy of the City of Brampton Consent to Sever and Minor Variance Application Forms; and
- One (1) copy of a Consent Sketch, prepared by Glen Schnarr and Associates Inc., dated September 20th, 2022.
