Subject: [EXTERNAL]Minor variance for Branthaven Creditview Inc

A - 2022-0022

Caution: This email originated from outside the organization. Do not click links or open attachments that you do not trust or are not expecting.

Hi Jeanie,

The application for minor variance we are completely against due the amount of increasing traffic in the area, number of school buses and small children this proposal should not go through. When we bought our home here there was a significant discussion on limiting the noise and traffic in the area that we were told would happen. This type of change is making an already existing situation worse. There is already so much traffic that our children can't even play outside- so much for a quiet neighborhood. Builders like this should not get this type of proposals approved. Our daughters bus stop on the corner and we are the corner house across from this proposed sales office. The number of people that line up to pick and drop their kids as well as the number of buses that pass through this area should be enough on its own to not allow such changes.

PLEASE help support us on not allowing this.

Your efforts are appreciated. Thank you!

Regards,

Dr. Pardeep Gill, DC, BSc. | Regional Director - GTA North/Central
